It seems that Medina County is the only area in desperate need of broom corn pullers.

According to the Beeville Bee, truck loads of pullers have been riding over the country looking at fields and negotiating contracts to harvest the crop. The grower said that he offered a group of workmen half of the crop to pull it. The offer was turned down. The crew asked for two dollars; no deal was made, so the pullers drove off.

POINTING to the damage to the 1952 Oldsmobile, believed to be the instrument of death for a 65 year old Hondo man, is Charles Hitzfelder, Medina County Sheriff. Hitzfelder and his deputies arrested the driver of the car, Dell Chisum, and turned him over to Uvalde authorities.

Hondo Man Killed

Hit and Run Driver Nabbed By Sheriff

A 20 year old Leakey man, accused of the hit and run killing of a 65 year old Hondo resident in Uvalde Sunday evening, was apprehended at 9:15 Sunday night by Medina County sheriff's deputies.

Turned over to Uvalde authorities and charged with failure to stop and render aid was Dell Chisum.

Victim of the accident was Juan Urrutia, a life long resident of Medina County. Urrutia was killed as he attempted to cross Hwy. 90 at the intersection of Main Street in Uvalde.

According to arresting officers, Chisum said that he was racing another car on Hwy. 90 when the pedestrian (Urrutia) attempted to cross the highway. The other car has not yet been identified.

Arrest was made by the Medina County officials one half mile east of D'Hanis after they were alerted by radio of the Uvalde incident. Chisum told the officers that he had hit a bridge, breaking a headlight, but confessed to the accident when confronted with the blood stains on his fender.

Samples of the blood and hair imbedded in the paint have been sent to the Texas Department of Public Safety Crime Laboratory in Austin for positive identification.

Crain Wins Prize In Model Contest

James P. Crain, of Route 1, Moore recently won honorable mention and a \$25 cash award in the Fisher Body Craftman's Guild model car competition.

The 18 year old winner competed with boys from Texas and New Mexico in the model contest which awards \$155,000 in cash and several university scholarships to teen-age model car builders annually.

General Inspects Air Base

Lieut. Gen. Charles T. Meyers, Commander of Air Training Command, Scott Air Force Base, Illinois, visited Hondo Air Base Tuesday on an annual tour and inspection of the base and its facilities.

The General was greeted by Lieut. Col. John C. O'Donnell, Base Commander, HAD and Walter C. Gunstream, vice-president and general manager of Texas Aviation Industries, Inc. Accompanying Colonel O'Donnell and Gunstream were A. W. Meadows, Paul Bybee, N. J. Upton, Leo Kilmer, Carl Porter, Major Alfred D. Gunn and Captain Robert Sizemore. These representatives of T. A. I. and HAD escorted General Meyers and his staff officers on their tour. The General seemed well satisfied with the physical appearance and operation of the school presently being run at Hondo.

Gen. Meyer went from HAD to Moore Air Base in Mission, completing a week-long tour before returning to ATC Headquarters in Illinois.

Johnson Says Rivers Need Flood Control

Senator Lyndon B. Johnson said recently that no basin-wide plan of improvement has ever been completed on any Texas river and the result is that the State's principal streams lack adequate basin-wide protection against floods.

Senator Johnson said the Corps of Engineers had given him estimates of this year's flood damage in six Texas river basins, as follows:

Red River basin, \$11,000,000; Sabine River basin, \$2,200,000; Brazos River basin, \$38,000,000; Colorado River basin, \$2,700,000; Guadalupe-San Antonio river basin, \$10,300,000.

"Here is part of the other side of the picture," the Senator added. "Except for the flood control projects we have built on the Trinity River, damage in that river basin would have been \$81,000,000 more than it actually was."

"Property owners in the Brazos River basin were hard hit. But their losses would have been \$26,000,000 greater if we had not built some dams. The tragic thing about this is that some \$28,000,000 of the damage would not have been done if flood control projects authorized but not built had been in existence."

Senator Johnson said he was "working every day" to get surveys made of all Texas rivers. "That is an important first step," he declared.

Fifteen Sign With Local Board

Fifteen local boys registered with the Selective Service Board in Pearsall last week, according to information from that office.

The new registrants include Alvin R. Hartman, Michael J. Ball and Frank R. Escamilla, Hondo; Raul Sanchez and Robert F. Johnston, Natalia; Temple G. Mangold, Castroville; Arturo S. Hinojosa, LaCoste; Claudio Sanchez, Yancey; Melvin G. Baker, Devine; Gilberto G. Salinas, Larry J. Bilhartz, Luis C. Viesca, Armando V. Villarreal, Benito C. Cantu, Pearsall; Juan C. Viesca, Dilley; and Thomas J. Bippert, San Antonio.

Guardsmen Train At Fort Hood

Heavy Mortar Company 141st commanded by Capt. Roland D. Weber, arrived here this week 87 men strong for two weeks of summer training with the 36th (Texas) Infantry Division.

The Heavy Mortar Co. unit joined with some 10,000 other Texans in a mass movement emanating from virtually every section of the state. Training formally started at 1 p.m. Monday, July 22, and will end Saturday, July 27.

All units will spend the first week in garrison. The second week will involve field training under simulated combat conditions. Each unit will conduct its own tactical problems, as well as participate in division-level problems.

The Heavy Mortar Co. unit is part of the Infantry Regiment which is commanded by Col. Edward D. McCall of San Antonio, Texas.

County-Wide Letter Explains Hospital

Beaver Patrol Goes To Indian Creek

Six members of Boy Scout Troop 192, Hondo, attended the week-long encampment at Indian Creek Scout Camp near Kerrville last week, along with some 300 other Scouts from the Sandie and Bluebonnet Districts. Scoutmaster Ken Clapham accompanied the boys on the trip to Indian Creek.

The boys, Kenny Clapham, Russell Beard, Bobby Burden, Barry Kuykendall, Larry Enloe and John McAnelly, Jr. are all members of the Beaver patrol of Troop 192.

Program for the week was geared to the boys' interest and included learning by doing training in camp craft, water safety and Scouting skills.

Cost to the boys was \$14.50 each, which included meals in the camp dining hall.

While at camp, the boys all qualified as second class Scouts, pending local board of review action.

VISITING Hondo Air Base Tuesday on an annual tour and inspection was Lieut. Gen. Charles T. Meyers, who is shown being greeted on his arrival. Standing behind Gen. Meyers is Lieut. Col. John O'Donnell, H A B Commander.

Hot Check Artist In The Cooler

A hot check artist was taken into custody last week after passing ten forged checks in Medina County over a period of a few days.

Being held in the Medina County jail on four counts of forgery is Rodger B. Vanzandt, 22, of Sherman. He is charged with passing checks under the name of F. E. Savage to a liquor store on the Bandera road.

Vanzandt is also wanted in Bandera for three cases of burglary and car theft and in San Antonio for the theft of a television set from a motel.

NOTICE TO SUBSCRIBERS

The Post Office Department on July 1 increased our postage on return mail of newspapers where the address was incorrect, or where subscribers have moved to another address.

The increase was made from 3 cents to 5 cents for each paper that was returned bearing the wrong address.

We ask the cooperation of all subscribers to give us your new address as soon as possible before going to another city or changing street address, so the Post Office Department will not have to notify us and charge us 5 cents for getting the returned mail out of the postoffice.

Heretofore, we at the Anvil Herald said nothing about the change when it was increased from 2 to 3 cents, but with this new increase and the number of changes we have to pay for each week, it runs into quite an expense on our part.

So, again we ask your cooperation. Drop us a card with the new address before you move. You tell us in advance when you will move, and you will not miss an issue of the paper.

POLITEST person in Hondo this month, according to the B&PW Club, which sponsors the contest is Jerry June Berger, who receives the award, a red carnation, from Vivian Zinsmeyer, vice-president of the club.

Hondo's Net Gain For Year Set at \$96,185

Principal portions of the annual City of Hondo audit report are being published in this issue of the Anvil Herald, and may be found on page 6.

During the year concluded May 31, 1957, the city's accounting firm, a San Antonio organization, installed a new and simplified accounting system for recording cash receipts and disbursements as well as taking in account accrual items. For example, in calculating accruals, the values left in un-expired insurance policies are included as assets, and a depreciation schedule was set up for income-producing property of the city, such as the electric system, airfield properties, water, sewer and garbage systems.

Hondo's total city assets are listed at \$1,383,274.49 after allowing for wear and tear. Cash, accounts receivable and supplies inventories account for \$169,261.78, with most of the balance in fixed assets.

The net gain for the year was \$96,185.59. This amount, which could be termed "profit" in a private business, was earned as follows: electric utilities, \$41,740.81; water and sewer utilities, \$28,666.70; garbage department, \$1,457.60; and airfield properties, \$1,343.89. The general fund, which includes taxes, rent paid in lieu of taxes, fines, etc., turned in \$22,956.59 after payment of expenses for that department.

Bonded indebtedness outstanding as of May 31 included \$107,000 of street improvement bonds, \$162,000.00 of water and sewer bonds, and \$22,000.00 of electric system bonds. The total is \$291,000.00.

There were 1,957 electric connections at the close of the fiscal year — a remarkable coincidence for the year ending in 1957. Water meters were in 1427 places, and 809 were connected to a sewer. Garbage pickup was being made from 956 places.

Total kilowatt hours of electricity used were over nine million, and the water department pumped almost 345 million gallons. Assessed property values in 1956 were \$2,639,050.00, and the total tax levy was \$31,668.60.

Building permits, including new homes, remodeling and alterations, numbered 61 for a total outlay of \$230,420.00.

The 1950 census showed 4,220, while the 1956 estimate was 6,220. This growth explains the gains in electric customers, although the garbage pickups have risen by only 12 in the past five years.

Water consumption almost doubled since 1953, while electricity gained 50 per cent.

All employees of the city who are responsible for handling money or supplies have been placed under bond.

In making the statement available for publication, City Secretary O. L. Moss said that the dump ground is now open for

persons who desire to carry their own garbage and save the few pennies a month charged for pickup. A man is on duty until about 5:30, who will show people where to dump articles so trash can be covered up with a bull-dozer. Moss said that daily covering had eliminated the fly problem out there, but that some individuals still scatter trash and garbage to the winds.

Traffic Laws

May

Save Your Life

"Traffic laws are designed to protect — not annoy you. Cheating on them will lead to sudden death or crippling injury!"

This warning was issued today by J. O. Musick, General Manager of the Texas Safety Association, in connection with TSA's current Slow Down and Live campaign.

"Some people think that laws are made to be broken or at least bent," he said. "Nowhere is this more evident or more fatal than in traffic."

"Persons who hire attorneys to ascertain their legal rights and obligations in business and property matters think nothing of risking their lives by driving without a good knowledge and a respect for traffic laws."

"Even if you have no regard for your personal safety, consider these consequences:

"When you drive faster than the speed limit, make wrong turns, go through stop signs or red lights or pass improperly, you run these risks: A traffic fine; damage to your vehicle that may amount to hundreds of dollars; medical expenses; time and income lost from your job; damage suits; possible loss of your driver's license; lawyer's fees; and, you create anxiety for your family."

"Add to these the many indirect costs such as higher insurance rates and increased taxes, plus the suffering and anguish even a minor traffic accident could cause, and you have a real case for safer driving," Musick said.

Commenting on the role of law enforcement agencies, he said the Highway Patrolman or policeman on the corner, can only be as effective as the public will permit him to be.

"Once the public is convinced that they have a personal responsibility for traffic safety," Musick said, "we can make further inroads into the shocking traffic accident record which last year killed 2,611 persons on Texas streets and highways, and injured 111,501. This is a terrible price to pay for apathy when public support is free."

Mailed To Taxpayers

Approximately 5000 letters are being mailed this week to the taxpayers of Medina County concerning a new hospital for the county.

Receiving the mailing will be persons listed on the 1956 Medina County tax rolls which were compiled in the spring of that year as the new tax list for the current year was not available for use.

The envelope is marked with "Urgent! Hospital Information" in red ink, so the Hospital Committee of Medina County has urged that the public watch for the letter and carefully consider its contents.

Serving on the Hospital Committee are: Calvin Hardt and Karl Fasel of Yancey; John Tom Kirby and B. L. Penland of Natalia; R. J. Mangold and Wesley Hutzler of LaCoste; Herman Ney and John Zinsmeyer of D'Hanis; Joe Briscoe and Frank Bain of Devine; George Boehme and Raymond Schuchart of Rio Medina; Victor Tondra of Castroville; and L. E. Pope, F. J. Leinweber, Jean Ulbrich, O. J. Bomba, Fabian Garrison, Harry Haltman and Dr. Joe Mims of Hondo.

Property owners who have made their purchases since the spring of 1956 are not on the list and will not receive a letter in the county-wide mailing. Extra copies are available at the Hondo Chamber of Commerce office.

Since every detail could not be contained in a one-page letter, the committee has asked that questions be brought to them directly. Every part of the county has representatives and each has received a complete booklet on the hospital question.

Hondo Wave Attending Radio School

Wave Frances A. Goff, radio-man seaman apprentice, USN, daughter of Mrs. Alma Goff of 1401 29th St., Hondo, is attending the Radioman School at the Naval Training Center, Bainbridge, Md.

The 24-week course covers the operation of radios, radio direction finders and teletypewriters as well as sending and receiving international code.

The school is scheduled to be completed October 25.

Special Services Fees Increased

Increase in fees for some services offered by the Post Office department became effective Monday according to Postmaster Harry Filleman.

Services affected were registered and insured mail, money orders and special delivery fees, in addition to other lesser services.

Registered mail fees will be 50 cents for up to \$10 valuation; 75 cents for \$10 up to \$100 valuation. Fees for higher valuations will show like increases.

For insured mail, coverage up to \$10 will be 10 cents; coverage from \$10.01 to \$50 will be 20 cents; from \$50.01 to \$100 will be 30 cents and from \$100.01 to \$200, 40 cents.

Domestic money order fees will be 15 cents for amounts to \$50; 20 cents for amounts to \$100; and 30 cents for amounts to \$500.

Special delivery fees have been increased to 30 cents for first class and air mail for the first two pounds, with a fee of 45 cents for all classes other than first class air mail, and air parcel post.

Certified mail fee is 20 cents plus postage.

Castroville Girl Awarded Scholarship

Norma Gaye Griggs, University of Texas student from Castroville, was awarded a \$75 scholarship by the Panhellenic Council, social sorority co-ordinating group.

Miss Griggs, a sophomore home economics student, is the daughter of Mr. and Mrs. Wendell Griggs.

PERSONAL APPEARANCE

By JERRY JUNE BERGER

Would anyone like to know how to serve a minimum of 50 people three meals per day for three solid days? MRS. H. R. BURCH could qualify as an expert on this topic.

Last weekend in McAllen, her parents, Mr. and Mrs. GEORGE P. MORGAN SR., celebrated their golden wedding anniversary. Invitations were mailed out for a reception set for Saturday afternoon, but McAllen, being in its out of the way location, caused folks to start arriving for the big event by Friday and remain for the weekend. Relatives and out-of-town friends were guests at a luncheon Friday, breakfast Saturday and so on for every meal during the entire weekend. There were between 50 and 90 present for each meal and dozens of others for the reception Saturday.

Some of the meals were at ETHEL'S brother's home and others were at her parents' residence. No "snacks" were involved — the menus included everything from bacon and eggs to turkey.

We would say that was quite a celebration, and ETHEL reports that she and the entire family enjoyed every minute of it. It is wonderful when a couple can observe a 50th wedding anniversary and both husband and wife feel physically up to taking part in a party of this scope.

Mr. and Mrs. H. B. EGGEN went down from Hondo for the event in addition to the BURCH family.

Family get-togethers are quite the thing in the good 'ol summer.

time it seems. Mr. and Mrs. C. B. GASTON and GEORG attended one in north Texas over the weekend — a reunion of her family.

According to a write-up in a weekly newspaper near Blandings, Utah, the grandson of Judge and Mrs. RALPH NOONAN and Mr. and Mrs. EARL O'NEILL, is quite a sportsman. In recent fishing and archery contests for the young set, JACK NOONAN, son of Mr. and Mrs. RALPH NOONAN JR., placed second with bow and arrow and fourth in number of fish caught. His winnings included a GI shovel and a fishing reel.

We also noted that RALPH was director of barbecuing the chicken for the Blandings Sportsmen's Club.

Mr. and Mrs. ARNOLD SAATHOFF and daughters are just back from a visit with the RAYMOND HICKEY family of Flagler, Colo. While in the area, they also toured Estes Park and other interesting places in the Rocky Mountains. And you know what they were doing while we were enduring the 100 degree weather last week? Making snowballs — and we'll bet they've wished for some of that activity this week too.

Talk about life's embarrassing moments — we had one Monday. SALLY BRUCKS took the week off, so we were in the office bright and early helping answer the phone and talking to customers. VIVIAN (MRS. JEROME) ZINSMEYER came in and we said "Hi" and that we'd be with her in a minute. About one phone call, one customer and ten minutes later we turned our attention to her only to find she had been waiting all that time to pin a red carnation corsage on our shoulder and tell us we had been chosen by the Hondo Business and Professional Women's Club as Hondo's most polite person of the month.

We are deeply appreciative of the honor, but couldn't help thinking that this was a fine way to begin a new month of politeness — keeping a person waiting who is wanting to do us honor!

It's good to have Hondo's mayor back in town once again. DR. T. B. KNOPP has been in hospitals in San Antonio and Rochester, Minn. during the past month, but arrived back home over the weekend. He is supposed to continue to take life easy for a while though.

ONLY YESTERDAY

MINNESOTA PAPER URGES FARM SAFETY

Did you ever go out into the field to look for your husband or son, who was long overdue to come to dinner or supper, and find him pinned under the tractor or his arm caught in a machine with his lifeblood having long since flowed into the ground? Did you receive an anguished call for help from your friend or neighbor's wife asking for help to get him from under a machine or to rescue him from a machine holding him trapped in its gear?

The above is not a nice picture to contemplate, but it does happen, and when it does it brings a shocked realization that it can happen to many who had the idea that it "can't happen to me."

Because of the type of operation on the farm, where one man works alone, farm workers are particularly susceptible to serious accidents. In a factory, if something goes wrong, others can many times help the victim and administer first aid. On the farm, seldom is help immediately available.

Farmers, therefore, owe it to themselves and their families to learn and practice safety. A few minutes saved in not stopping a machine to correct a mechanical defect is not worth losing an arm or a life. Neither is too heavy a load hauled, worth a a life—your life—that can be lost by a tractor overturning. You have but one life to live—Think—practice safety.

"QUOTES AGAIN FROM
"A TEXAS PIONEER"

AUGUST SANTLEBEN

Calling your memory back to our previous quotation from the book by Mr. August Santleben, which consisted of only the first two paragraphs of the book, we resume where we left off and invite you to follow.

And again we quote:

"The ship's cargo, including all the belongings of the passengers, was a total loss. The disaster fell heavily on the emigrants who had supplied themselves with wagons, farm implements and other necessities in Germany, with the expectation of using them in the New World, where their lot had been cast. All were alike destitute of everything except the clothing they wore, but, perhaps, a few had saved small amounts of money that was carried on their persons, and they were thrown on the charity of strangers. Although their pressing wants were supplied by subscriptions, there was no extravagant display of generosity, and a long time passed away before the effects of the calamity ceased to be felt."

"My father secured passage, with others of the unfortunate emigrants, for his family on a schooner and sailed for Fort Lavaca, where after his arrival he arranged with Plasedo Olivarr, a Mexican, to transport his wife and children and the few things he possessed, to the Medina River, eight miles above Castroville. There land was assigned for my father's use in the "Castro Corner", but it was unimproved, and as the country was unsettled, we were compelled to live under the canopy of heaven, exposed to all kinds of weather, until a suitable shelter could be erected."

"On the opposite side of the river, from where we settled was a camp of Lijon Indians, who were then friendly with the whites, and when they visited us, my parents would sometimes allow the two elder children to return with them to their settlement. They were very generous, and they supplied our family with game all the time they lived in our vicinity. Later on the Indians moved elsewhere and immediately, I believe it was in 1847, they went on the war-path. Thereafter they and all the Texas Indians depredated on the white settlements continuously until 1878, during which time many of

my acquaintances and some of my dear friends were killed by them. I have endeavored to recall all the names of those who were killed by the hostiles during that period, in connection with the time and place of the murders, which will be presented elsewhere.

"The first work my father did after he became settled, was for Mr. Castro, who employed him and Mr. Huehner, the grandfather of Albert Huth, Bexar County's present Tax-Assessor, to dig a ditch on the east side of "Castro's Corner", for which he agreed to pay each of them fifty cents per day. The ditch was eight feet wide and eight feet deep and it took them four months to complete the job. After the ditch was finished Castro leased a piece of land in the Corner to my father for three years, free of charge, except that he was to put it in cultivation."

"After that he engaged in farming, but he also made a pit for the purpose of sawing lumber with a whip-saw and at odd times he cut cypress trees along the banks of the Medina River and turned them into lumber and shingles. Such work was very laborious, and as two men were required to run the saw he was only occasionally employed at it because he could not always hire help. By hard toil he managed to support his family without any of the luxuries. My parents were affectionate and considerate in the treatment of their children and tried to raise them properly. They were also strictly religious, and they often tried to impress upon the minds of their off-spring the importance of thinking and acting in accordance with the Ten Commandments so that they would not come in conflict with the laws of their country."

"They were well known throughout west Texas and had many friends on account of their conscientiousness and kindness. My father was strongly impressed by the obligations and duties of his citizenship, and as he had come to the United States on account of his free institutions, he did not delay, after the expiration of five years, in taking out his naturalization papers which were secured in July, 1850."

LETTER TO THE EDITOR

Wm. E. Berger, Publisher,
Hondo Herald,
Hondo, Texas.
Friend Bill:
I have followed with interest
the stories regarding plans for
a hospital for Medina County.
I am in favor of building this
hospital and I urge thinking peo-
ple to consider the great need
we have for such a project.
I support the efforts of the
committee in launching the pro-
ject.

There is one item in the sug-
gested plan of financing this
needed facility that sticks
in my craw. I am completely
opposed to the idea
of handing out from our
general government in the shape
of "gifts" under the Hill-Burton
act. The argument that as long
as Washington is handing it out
to get ours is absurd
suggestions. This so-called gift
money, and if we need to
get it back, let's get back in re-
gion of Federal spending and re-
gion of taxes. Someday, some-
body is going to have
to get off the gravy-train that
is being run by WPA. WPA gave
us money and later the
Federal Reserve gave us disgre-
gation. Little by little we have
our rights as citizens slip
away. But we haven't given them a
small part of the "Free Mo-
bility" from Washington.

Medina County need this
hospital. If we want it as badly
as we need it then let's pitch in
and take the job of building and
pay for it ourselves. I believe
it can be done at our local
level for much less than the half
million dollars now suggested.
We need and want this

Here In Hondo

Visitors in the home of M&M
Krenmueler on Monday
were M&M Victor Breiten and
Yvonne Gaydos and daugh-
ter, Debra, of Edison, N.J., and
Daisy Senne of New Gulf,
Breiten and Mrs. Krenmuel-
er are cousins; this was their
first visit in 12 years.
M Sam Lanham returned
the weekend from a visit
with her mother, Mrs. J. M.
and with their son and
daughter-in-law, M&M Sammy
and, in Waco.

REMEMBER WHEN

10 YEARS AGO

Silas M. Grider of Hondo, for-
merly vocational agriculture
class teacher of Devine, has been
approved by the County School
Board as new Supervisor of Agri-
culture for Medina County.

Mrs. Harrison Wilson of Yan-
cey, Mrs. Wendell Bearman of
Biry and Mrs. John J. Hiesler,
LaCoste were elected delegates
to the Texas Home Demonstra-
tion Association State meeting in
Galveston, September 23, 24 and
25.

The milo market was holding
firm and a little stronger here
Wednesday according to Russell
Chapman. He also said that white
corn farmers will get a premium
price due to the shortage of good
white milling corn.

20 YEARS AGO

Mr. and Mrs. Arnold Wendland
returned Saturday afternoon
from their wedding trip to Del
Rio. They were married last Wed-
nesday in Castrovilla, Mrs. Wend-
land being the former Miss Min-
nie Haby of Dunlap.

Yancey — Supt. Smith has be-
gun preparation for the erection
of the new school building. The
old auditorium will be converted
into a gymnasium.

D'Hanis — Mrs. H. C. Rothe,
Mrs. Henry Biry, Misses Bertha
Sauter and Cornelia Koch left
Monday for Tours, Texas where
they are delegates to the State
Convention of the Catholic State
League to represent the local
Altar Society. Rev. E. Zuber,
who is also present, was accom-
panied by Joe Martin Zinsmeyer
and Ferd Louis Rothe, who vi-
sited St. Edward's University in
Austin enroute.

30 YEARS AGO

Learning to be a printer in-
volves and almost endless atten-
tion to details which the uninitia-
ted can scarcely imagine. If you
find an error in this remem-
ber there were dozens and dozens
of chances to make an error with
each letter, and even the blank
spaces between the words offered
chances to err. This is my first
effort at setting type. Anne Davis

Mr. and Mrs. Milton J. Batot
arrived here Saturday for a visit
with their parents, Mrs. Sadie
Hutzel and Mr. and Mrs. Felix
Batot.

Harrison Wilson ginned his se-
venth bale of the season Thurs-
day of this week. The bale was
ginned by the J. W. Hollaway
gin.

Castrovilla — The Castrovilla
Indians went out to D'Hanis Sun-
day afternoon and played the
D'Hanis boys a game and were
defeated, 5 to 1.

40 YEARS AGO

La Coste — Dr. Alfred Ahlman
and wife of Millett, were La Coste
visitors this week. Dr. Ahlman

has completed arrangements
whereby he will remove his drug
store from Millett to La Coste,
and locate in the building for-
merly occupied by the Dickey
Drug Co. He expects to get here
the latter part of the month.

Joe Fohn, J. M. Finger, J. J.
Droitcourt and H. Hartman left
Wednesday on an auto trip to
San Angelo, Ft. Worth and in-
termediate points on a few days
pleasure trip.

Little Miss Mildred Garwood
returned to her home in San An-
tonio Monday, after a pleasant
visit to Miss Ora Horger.

Little Miss Irene Lebold left
Wednesday for Macdonia on a vi-
sit.

50 YEARS AGO

Wednesday afternoon a swat-
fest — misnamed a ball game
— happened at Uvalde, twixt
Hondo and Uvalde, resulting in
the score, Hondo 13, Uvalde 12.
Hondo's star performer was Ed
Ney for it was his sterling work
in the box that saved the day.

Bradley pitched good ball, but
every time he let any other mem-
ber of the team get his hands on
the ball it was thrown around so
promiscuously that it took the
efforts of half the spectators to
get it back. After Ney went into
the box in the seventh Uvalde
couldn't get a run. All the boys
batted like fiends, J. Ney batting
in the winning run after there
were two down with two on bases
with three balls and two strikes
on himself. The game went ele-
ven innings.

Work on E. R. Leinwebers'
new three story building is now
well up on the second floor.

New Fountain — Rev. and
Mrs. F. W. Radetsky, Robert
Riff and Misses Lidia and Pearl
Riff left Monday for Llano, to
attend the Annual District Con-
ference of the M. E. Church, and
incidentally visiting relatives.

Quihi L. Y. O.

Holds

Regular Meeting

The Quihi L.Y.O. met July 10
at 8 p.m. The Castrovilla Lu-
ther League were guests. There
were 17 members, 13 visitors,
and several sponsors present.

Kenneth Nietenhoefer called
the meeting to order and the Rev.
Durkop opened with a prayer.
A discussion was given on dating
by Rev. Durkop. The president
read two letters to the members
inviting them to a convention in
Fredericksburg and a rally in
San Antonio. The meeting was
adjourned and refreshments
were served afterwards, with vol-
leyball and other entertainment
following.

JULY RAINS NEEDED BY TEXAS FARMERS

Texas farmers are depending
on late July rains to "put them
over the top" this crop year. It
is a gamble — and an important
one.

Only a very few areas lacked
enough moisture to start their
plantings earlier this spring. The
first few days in July saw much
of the row crops hitting their
peak stride from these initial
rains. Now, more rain is a vital
necessity — particularly in the
western portion of the state.

Many crops that thrived from
heavy downpours of April and
May developed root systems
close to the surface of the ground.
Although sub-soil moisture is ade-
quate, these shallow roots are
not reaching it and crops in West
Texas are beginning to wilt in
some sections.

Hot weather has been ideal for
harvesting wheat and corn, bal-
ing hay and cultivating row
crops. But cotton remains the
question mark in the low rolling
plains, parts of East Texas and
larger areas in the West.

Most farmers are counting heav-
ily on a good cotton crop al-
ready heavily reduced from the
10-year average by acreage al-
lotments. Cotton in cultivation on
July 1 was estimated at 6,250,000
acres. This amount is one-eighth
smaller than the 7,065,000 acres
at the same time last year and
was in 1925 when 18,443,000 acres
acres averaged from 1946
through 1955.

This puts the Texas cotton crop
acreage at the lowest amount in
62 years.

The record year for plantings
was in 1925 when 18,443,000 acres

Deaths

ALBERT SCHMIZ

Funeral services were held in the Horger Funeral Chapel for Albert Walter Schmiz, 45, who died in the Medina County Hospital July 9, 1957 after a lingering illness. He had been a Hondo resident since 1947. Interment was at the Oakwood Cemetery.

Schmiz was born November 11, 1911 in Rexville; he spent his boyhood days in Sealy. He was married August 29, 1934 to Bertie Mae Edwards and they had five children, Albert, Louis, Philip, Phyllis and Mrs. Ken Clark.

Survivors include his wife and children, two grandchildren and a sister, Mrs. Bonnie Shelton of Houston.

GEORGE ANTON SCHUEHLE

Services were held Wednesday at 4 p.m. at the Horger Funeral Chapel, the Rev. M. J. Lorfing officiating, for George Anton Schuehle.

Schuehle was born September 15, 1888 in Quihi. He was a Mason for 25 years and a member of the Lutheran Church of Hondo. He served in the U. S. Army Signal Corps in World War I and was a member of the American Legion, the Herman Sons, and the V. F. W.

He is survived by his brothers, Rolfe of Hondo and Oscar of Fredericksburg and two sisters, Elizabeth Starnes of Hondo and Nora J. Finger of San Antonio.

WILLIAM ZIEGENBALG

Graveside services were held July 15 for William Ziegenbalg, 68, in the St. John's Cemetery. Ziegenbalg passed away July 12, 1957 in the Medina County Hospital.

He is survived by his wife, daughters, Mrs. Robert Heinrichs, Mrs. Howard Colbert, Mrs. William Robinson, and Mrs. Tommy Timmerman, 12 grandchildren, one brother and one sister.

Pallbearers were Robt. Burger, Stanley Burger, Hugo Schweers, Hugo Batot, Mervin Batot and George Muennink.

A. C. THALLMAN

Aaron Calvin Thallman was born on December 2, 1888, on the Middle Verde ranch. He was married to Miss Annie Gray of Lytle, Texas, who preceded him in death in 1939.

Mr. Thallman leaves no direct descendants and is survived by one brother, C. D. Thallman, of China, and one sister, Miss Eva Thallman, of San Antonio, and a number of nieces and nephews who are located in various places in Texas.

Mr. Thallman and his wife lived in Hondo from the early twenties where he was successful as a butcher and later as a District Salesman for the Studebaker Automobile Company.

Funeral services were conducted Monday morning, June 17, at 10 at the Horger Funeral Home in Hondo by Rev. Goodenough, pastor of the Hondo Methodist Church, and he was laid to rest beside his wife.

KEEP IN TOUCH

If you're like most of us, you sometimes have an uneasy feeling after out-of-town company has left, especially if they have a long drive to make on today's crowded highways.

A lot of folks do more than just worry about such a situation. They keep in touch by telephone. Those words you hear, "Yes, we got home all right," can relieve lots of anxiety.

More and more people are finding out that Long Distance is a real bargain—especially when calls are placed after six in the evening or all day Sunday. And when you call, don't forget to call by number. Your call will go through twice as fast that way.

A BIT OF COLOR

The trend today is toward color—whether in new cars, ladies' fashions or telephones.

The selection of modern telephone sets now available is certainly keeping step with today's colorful living. We have phones that blend into an overall room scheme; others that contrast with any background; and sets that harmonize with your present color scheme.

A color set will brighten up any room in your home, and you'll be surprised to find out how reasonable they really are.

If you'd like to find out more about the eight decorator colors that are available, just call the telephone company. Or better still, drop in to see them the next time you're close by.

REACH — DON'T RUN

Can you think of anything that makes you madder than running from one end of the house to the other to answer the telephone—only to find that there's no one on the line?

A handy extension telephone would have saved those extra steps—and might have meant that the call would have been completed, too.

Extension telephones, conveniently located throughout your home, can make it possible for you to reach for the phone instead of running to answer it.

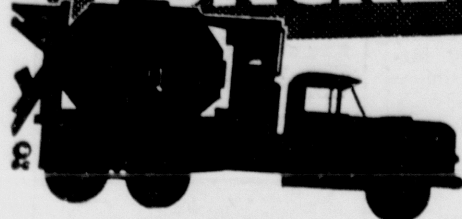

And with the cost so small (about 3 cents a day), you can afford to have an additional telephone in the kitchen, bedroom, den, or just about any place where you spend a lot of time.

Call by number. It's twice as fast.

Local Teacher Attends Cloth Workshop

Mrs. Dora Mae Fasel, 2601
Ave K., home economics teacher
at Hondo high school, is one of
the participants in a rapid cloth-
ing construction workshop being
held July 8-13 at Texas State
College for Women, soon to be
known as Texas Woman's Uni-
versity.

The workshop, sponsored by
the College of Household Arts and
Sciences, is directed by Mrs. Ed-
na Bryte Bishop of McDonald,
Pa., who has developed the na-
tionally known "Bishop Method,"
a plan of rapid construction for
the average homemaker with lit-
tle time or money.

Most of the more than 120 wo-
men enrolled in the course are
teachers taking post graduate work.

Mary Rihn Feted At Shower

Miss Mary Catherine Rihn was
honoree at a potlery shower
June 22, given at the home of
Mrs. Dan Burell, Castroville.

Hostesses were Mesdames
Jack Boehme, Harold Keller, Ge-
rald Luckey, Larry Burell, Lynn
Tschirhart, Ray Haby, Guy Hol-
haus, Melvin Burell, Maurice
Hans, Elroy Beck and Misses
Melrose Biediger, Patsy Breiden,

Williams Flower Shop Is Not For Sale!

Gladys and Blackie promised
their many satisfied customers
that they would not sell to an
unqualified florist, therefore, it
is no longer for sale. They also
promised to hire the best floral
designer possible if they kept the
shop — and they really hit the
jackpot! Martha Baker, a de-
signer for the past 8 years at
Suchys and The Branding Iron
Flower Shop in San Antonio has
been put under contract to ma-
nage the shop. Martha is the flor-
ist who taught Gladys the busi-
ness. Now Hondo has one of the
top designers in the state right
here in the Williams Flower
Shop!! If you liked the work
Gladys put out — wait until you
see the results Martha gets on
her arrangements, corsages and
funeral pieces. Her real specialty
is weddings — the bride who has
Martha do her wedding flowers
is fortunate indeed! Even though
the Williams Flower Shop has
gone "big dity" all prices will
remain the same — with full
value for money spent and satis-
faction guaranteed. Nothing has
changed except that when Mar-
tha takes over on July 21 she will
be your personal florist and
friend as Gladys has been for the
past ten months.

The Williams family, "Black-
ie", Gladys, Larry and Candy
will leave Hondo on the 24th of
July for their temporary home
at 1019 Finrock in Pasadena,
Texas. To all of their many
friends and business associates
they want to say "Thanks a mil-
lion — and please don't forget
us — we will always remember
you."

37 From Natalia Attend Church Meeting

37 delegates from Natalia
were among the thousands of Je-
hovah's Witnesses who were in
convention at the Sam Houston
Coliseum in Houston, July 3-7,
according to Robert Brazier, min-
ister of the local group.

The south-western district meet-
drew delegates from 30 states
and 3 foreign lands. The prin-
cipal speaker was N. H. Knorr,
the president of the Watchtow-
er Bible and Tract Society of
New York, which sponsored the
event. Knorr was heard in the
highlighted lecture of the final
day, "Healing of the Nations Has
Drawn Near", given at 3 p.m.

The Houston meet was one of
the first of a series of 7 such
conventions which will be held
in the United States, and will
draw 200,000 delegates. The se-
ries will then continue throughout
the world, and the same program
will be had at each.

ANNUAL FINANCIAL STATEMENT--CITY OF HONDO, TEXAS

To the Honorable Mayor and City Council of the City of Hondo, Texas
Gentlemen:

Another fiscal year has ended for the City of Hondo, which was incorporated on the 29th day of April 1942 for municipal purposes, using a council form of government. This combined Operating Statement and Balance Sheet taken from the audit report made by Bruhl and Bruhl, Certified Public Accountants, represents in brief the accomplishments and activities and continued growth of our city.

To achieve good government we must have the active backing and encouragement from our citizens which has prevailed in the past years.

Whatever measure of success that we have attained in the

past year is a credit to those whose efforts have made it possible, namely: the City Council, the Hondo Citizens, and the faithful city department heads and employees. Much credit goes to your wise counsel and policy making.

This ends my first full fiscal year as your secretary-treasurer and assessor-collector. I have enjoyed my work the past year as such. The excellent cooperation and expressions of confidence that I have received from you and the department heads and employees of the city along with the opportunity to work for a group of fine citizens is greatly appreciated.

Sincerely yours,
O. L. MOSS

nink and Mrs. Oscar Grell of
Hondo. On Sunday their guests
were M&M I. N. Ducote, James
and Barbara and James Newton
Grimes of SA.

M&M George Wilson and Gail
and Al Fohn and Phyllis Wilson
attended the rodeo in Rock-
springs July 4. That morning
they went to Barksdale and took
the country road up the Sabinal
Canyon and other areas of the
Hill Country. Others attending
were the Joe Connells.

M&M George Wilson and M&M
Wilbur Wilson went to Beeville
Sunday to a demonstration on a
machine to pull broomcorn. How-
ever the demonstration had been
postponed until Monday after-
noon, so they drove on to Cor-
pus Christi before coming home.

Mrs. Roy Wilson and children
went to Mercedes last Monday
for a visit with her brother and
family, the Theo Lorfings, then
went on to Port Isabel for the
rest of the week. Roy joined them
Thursday.

Guests of M&M George Heilig-
man on Saturday were Robert
Bartosh and M&M Chamberlain
of SA.

M&M Dan McCrea went to Dal-
las for the wedding of their son
Auda Ve and Miss Jeanett Dan-
were Mrs. Coy Worley and Mrs.
Bob Ralph and boys.

New Law Will Defer Thousands Of Reservists

Col. Morris S. Schwartz,
state Selective Service director,
recently announced receipt of
draft regulations which will defer
additional thousands of Armed
Forces reservists.

Previously, thousands of mem-
bers of units of the Ready Re-
serve of the reserve components
of the Armed Forces were not
eligible for draft deferment de-
spite their reserve activity.

Authority received by the state
director of Selective Service is
copy of an executive order signed
by the President. This authority
already has been passed on to
the local boards, Colonel
Schwartz said.

The state draft director warn-
ed draft registrants that it is
their individual responsibility to
see that their local boards are
advised when they are members
of units of the Ready Reserve of
a reserve component.

The individual reservist, if li-
able under the draft law, will
receive an order to report for
induction if his membership in
the reserve unit is not reported.

"As far as the draft board is
concerned," Colonel Sch-
wartz said, "a man is not a mem-
ber of a Ready Reserve unit if he
or his commanding officer don't
notify the board in the officially
prescribed way. The board can-
not defer without information."

By Mrs. Jack Sharp

M&M Jack Sharp are at home after spending six weeks in Kingsville. While there they attended the Sharp reunion at the home of M&M J. R. Custer. There were 91 members of the family present. Among those present were the Sharp's children, M&M R. J. Koch and children, Mike, Kyle, and Suzie of Fort Worth.

M&M Mimke Wiemers of SA were Saturday visitors of M&M Ben Wiemers.

Sunday dinner guests of M&M Alfred Saathoff and daughters, Willie Jean, Dolly, and Tressa, were M&M Herman Gerdes and Archie Ray. M&M Henry Schweers, M&M Arthur Schulte and Lonnie, M&M Olen Wiemers and children, Clifton Lee, Gordon and Donna Fay, M&M Bill Snyder and Billy, M&M Larry Coyle, M&M Martin Franger, M&M Paul Oefinger and sons, Paul Ernest and David, Mrs. Bertha Thomas, Mrs. Edith Kennedy and Mrs. William Schulte.

Saturday evening visitors in the home of M&M Jacob Schweers were M&M Frank Schweers and Audrey.

M&M Franklin Muennink and children, Glenn, Karen, and Debbie were Sunday visitors of M&M Alfred Boehle and Carolyn. M&M Arthur Schlenz and M&M Arthur Schulte were Saturday evening visitors in the home of M&M George Hartmann.

Sunday visitors in the home of M&M Jacob Schweers were Mrs. Bill Santeleban and daughters, Carolou and Fredda, M&M C. F. Schweers, Harry Schweers and children, Larry and Melissa, M&M Charles Schweers, M&M Theo Cagle, and Glenda Crawford.

M&M Wilkes Wiemers and children, Judy and Diane were Sunday dinner guests of M&M Frank Muennink.

Sunday visitors in the home of M&M George Wiemers from SA were M&M Charles Buss and M&M Harold Clemons.

Fourth of July dinner guests of M&M Edwin Wiemers were M&M George Wiemers, M&M Wesley Wiemers and children, Evelyn, Dorothy, Betty, and James, and M&M Charles Buss from SA.

Mrs. George Hartmann visited Mrs. Henry Schulte and Mrs. Carl Gordon in Hondo Friday afternoon.

Don't forget to call in your news item! Telephone 7-2842.

Our thanks go out to Mrs. Alfred Saathoff for the worthy manner in which she took care of the news in the absence of Mrs. Sharp.

When asked if she wouldn't like to keep it, Mrs. Saathoff replied quickly, "No, it is more trouble than I thought."

Weed Killers Will Kill Crops Too, USDA Warns

Hormone-type herbicides such as 2,4-D and 2,4,5-T are among the most effective weed and brush killers available — but their very effectiveness calls for extreme caution.

These powerful and useful chemicals can damage crops through careless handling just as easily as they can destroy plant pests. This fact is especially evident this year.

Damage to cotton by herbicides has increased alarmingly in unregulated areas of Texas this season. As many as 9,000 acres in four West Texas counties suffered slight to severe effects from herbicides sprayed in adjacent areas during periods when wind drift was excessive.

In contrast, not a single report of damage has been received from counties where the Texas Department of Agriculture regulates the sale and use of herbicides.

Some 125 counties are regulated by the Texas Herbicide Law. Permits must be obtained for applying herbicide chemicals in these counties and a Department of Agriculture inspector must supervise spraying operations.

The remaining 129 counties are exempt from the law and it is in these counties where crop damage has occurred.

Inspectors make certain that spraying is not practiced within

certain distances of susceptible crops — in relation to wind velocity. It is also important that clean equipment is maintained. Much damage has been done by poisoning cotton with equipment which has been used in making applications of herbicides.

Although the Texas Department of Agriculture does not have official jurisdiction in unregulated counties, farmers are urged to use extreme caution in applying weed and brush killing chemicals. Department inspectors or county agents should be contacted for further information on proper safeguards during spraying operations.

Copies of the Herbicide Law, listing regulated counties and material relating to proper usage may be obtained by writing: John C. White, Commissioner of Agriculture, Austin, Texas.

New Machine Will Pull Broomcorn

A machine that may revolutionize the harvesting of broomcorn over America was demonstrated in Beeville Monday by a broom company there.

The invention is a mechanical puller, which, if efficient, may well prove to be the pot of gold under the rainbow farmers have long sought.

The machine would have been worth its weight in gold this year, as the shortage of laborers to pull broom corn by hand has forced many farmers to turn their bumper crops under or to allow cattle to graze in the fields.

This boon to farmers was invented by Robert Lawson and is designed to harvest crops ranging from four to ten feet in height.

The demonstration in Beeville consisted of harvesting four rows of broom corn on the factory premises. The corn was grown in the Beeville area and planted in post holes on the site for the demonstration.

Castro Girls Win, 16-10

The Castroville Girls softball team out-slugged the Our Lady of Fatima team, taking the San Antonio team, 16-10.

Though Patsy Haass started and got credit for the win, C. Granieri came on to pitch in the 5th and D. Bippert calmed a 7th inning rally by the San Antonio team.

The Castro girls jumped to an early lead as J. Kempf led off with a double. She and Granieri both scored on errors. The city girls gained the lead briefly in the 3rd, as they pushed ahead 3-2, but in the bottom of the 3rd the country girls, led by Kay Haass' long home run, went way out in front 8-3. They added four more in the 4th and two in the 5th and one in the 6th.

In the last inning, with most of the Castro subs in the lineup, Our Lady of Fatima threatened to launch a big rally, but A. Bippert cut down town runners at the plate to end the game.
